*“There is no sweeter joy than watching our adopted son with Down syndrome grow in stature and grace. His birth mommy gave him the gift of life. We have given him a happy home. Jordon is as close to us as any of our birth children. We look forward to our future with our son and pray for his birth mommy and daddy too.”* —Tom and Sherry Bushnell, ID

*“Through CHASK /NATHHAN we found our daughter Rachel. She has a brain problem called Schizencephaly. She is brightly active and a special part of our home. Her prognosis was questionable but the Lord has blessed her. We are glad we chose to take her anyway. We just rejoiced at her first steps at age 3. This is very exciting at our house!”*  
—Andy and Linda Dillon, WA

*“I am a single mom. I really felt inadequate to care for my baby with spina bifida. I was looking at giving her up for adoption. NATHHAN/CHASK helped me see how I could raise her with joy. I have named her Precious.”*  
—A mom who chose life for her baby

- We are presently taking applications from adoptive families. We match babies with any disability with a Christian family. Our application form can be found at [www.nathhan.com](http://www.nathhan.com) Click on CHASK.
- Since our services are free to the adoptive family, we rely on donations to make CHASK happen. We are a 501 C3 non-profit organization.

---

### Who is NATHHAN?

---

NATHHAN is a large group of families privately educating our disabled children.

•Equipping families to work with their disabled children from birth to adulthood and beyond has been NATHHAN's mission for 12 years. Resources to educate our challenged children are available at [www.nathhan.com](http://www.nathhan.com)

•We provide a quarterly magazine, a postal lending library, family directory and a full service web site to help parents do a great

---

### What does CHASK provide?

---

- CHASK matches babies with families.
- We are able to help families with some adoption expenses as the Lord provides the funds. Applications are available.
- Mom to mom counseling. Families that are raising special children are willing to share with moms wanting hope for their disabled babies future.

---

### Private Adoptions. No agency fees.

---

- We are firm believers in placing children in Christian homes. Cannot adopt at this time? Please consider sharing with families who can through CHASK.

Important: Families are responsible for their personal fees such as home study, lawyer, travel and other expenses. Contacts are privately conducted between birth mom and family. CHASK does not guarantee a baby or adoptive home. Our job is to help adoptive parents and birth moms connect and then decide the will of God in their lives.
